

Dear Parent:

Our classes will have a guest speaker from AWARE (Abstaining, Waiting, And Respecting Each other) who will be talking to students about relationships, goal setting, making healthy choices, and reserving sexual activity for marriage, or a life-long faithful relationship. The possible results from engaging in sexual activity as a teen will be discussed in class. This presentation addresses some of the guidelines required by the state in the area of sexual health. If you would like to view the curriculum or have any questions, please contact Life Options at (509) 882-1889.

Thank you!
