

Why GREATER THAN?

Today's world is inundated with sex. Abortion rates are the same in the church as out. Only 3% of Americans wait until marriage to experience sex. The younger generation sees sex as a "pleasurable and important element to self-fulfillment", not linked to marriage.

We want teens to seek something GREATER THAN themselves and what the world tells them about sex. They deserve Christ-centered conversations on sex and relationships. GREATER THAN presentations are full of God's Word and point towards the greater "yes" in honoring God with our sexuality.

"It was a good experience, I learned a lot I didn't know. Most valuable to me was to value my singleness and I don't have to rush into anything. It helped me decide I know I want to wait till marriage." ~10th gr. girl.

GREATER ➤ THAN

HELPING TEENS LIVE WITH SEXUAL INTEGRITY

GREATER THAN for PARENTS

EQUIPPING PARENTS TO HELP THEIR CHILDREN LIVE WITH SEXUAL INTEGRITY

GREATER THAN for Parents is a conversation-based series geared for Christian parents of teens. Scripturally, it is the responsibility and privilege of parents to help their children live with sexual integrity. Surveys affirm it: teens say parents have the biggest influence on their sexual choices, even above friends.

God has a "greater-than" plan for your children, and this series will equip you to talk with them about it and coach them on an upward path toward spiritual, physical, and relational fulfillment.

GREATER THAN for Parents covers 3 main topics:

- Having a godly perspective on sex
 - Having "The Talk"
- How to help your children navigate and master porn and social media

GREATER THAN presentations are flexible in length and format, presented by a trained Life Options speaker. Parent and youth presentations can be simultaneous. Contact us for more details and to schedule a presentation!
